c) The most important rules

Active/Juniors

- to reserve 2 continuous hours is not possible from MO-FR in the time from 18.00 – 22.00 hrs
- max. 1 open reservation (done by yourself)
- minimal time to make or cancel a reservation before the start of the actual playing time = 30 minutes
- Confirmation by the 2nd player to be done within 24 hours

Juniors

- Reservations only MO-SU from 06.00 – 19.00 hrs

Guests

- Reservations only MO-FR from 09.00 – 17.00 hrs

d) Make a new reservation

To make a new reservation is fairly simple:

1. Click on a free time in the Overview
2. Log-in with your Username and your password
3. Choose the partner you want to play with
4. Double-check your reservation details again
5. Click on the button „book“

If you want to make a reservation in order to play with a guest, then please choose „Guest“ as 2nd player. The list „playing with guests“ which we used to have in our Clubhouse does no longer exist and instead you will be billed for it based on the entries in the online reservations-system.

e) Confirm a reservation

A reservation has to be confirmed by the partner you want to play with within 24 hours after making such a reservation. In the absence of such confirmation the reservation will be automatically deleted by the System. The confirmation can be done either by clicking on the confirmation link in the e-mail the 2nd player receives. Or the 2nd player can login into the online reservation-system and click onto the icon  which will appear in front of the relevant reservation under "My reservation(s) to be confirmed". After that the 1st player will automatically receive an e-mail advising that the reservation has been confirmed by the 2nd player.

How much time is left for you to confirm the reservation you can see when you move your mouse over the yellow field.

f) Delete a reservation

Only the player initiating a reservation can also cancel the reservation. In order to do that he/she logs into the online reservation-system and clicks onto the icon  in front of the relevant reservation under „My open reservation(s)“. Reservations can be cancelled until latest 30 minutes before the start of the relevant playing hour. The 2nd player (copy to the player initiating the reservation) will receive an e-mail advising that the reservation has been cancelled.
